

I am (not)

I am not an idea
I am not not a woman
I am not a photographer
I am not not an image

A moving image

I am not a video maker
I am not a performance artist
I am not not a performed body

I am not a singer
I am not a musician
I am not not an instrument

Of my imagination

I am not not the instrument
Of my downfall

And I am certainly not

a poet
