A photograph of a park scene. In the center, a green, geometric, tent-like sculpture sits on a grassy area. The sculpture has a dark, rectangular opening at its base. To the left, there are tall, purple-flowered plants. Large, leafy trees frame the top and right sides of the image. In the background, a multi-story building with a brown roof is visible. A paved path leads towards the sculpture, and a white car is parked on a street to the right.
